

# Live the 7 Steps Worksheet

## Instructions:

Below you will find a section for each of the 7 steps to superabundance. Each step lists recommendations on practical ways you can take one step further with Christ in becoming a better husband, a better father, a “Man After God’s Own Heart.”

Some of the suggestions will not apply to you in your state of life. Some items may be things you achieved long ago. Many will challenge you beyond your ability for where you are today on the path of life.

The list is long. Resist feeling overwhelmed. Remember “wherever you are in your spiritual life, Jesus Christ wants to meet you right there and take you further.”

Review the entire list first paying attention to areas of your life that you know need to change or to come into the light. Pray as you review the list. Choose only one or two things. Mark and date them. Intentionally put these into practice over the next 90 days. If possible, find another man to be your anchor and hold you accountable.

When you feel you can easily keep those items going, mark the date you accomplished it and choose something new. If you have started a new practice (such as praying a daily Rosary) that you want to become part of your Spiritual Plan of Life, download the Spiritual Plan of Life sheet [here](#) and add it to your Spiritual Plan of Life.

If you fail, when you fail, get back up. Go to confession if needed. Start again. If you fall back into something you previously achieved, do the same. Know that Jesus Christ is walking with you.
